**Subject:** RE: Dewey Burdock Project Permits

Thank you for emailing me the South Dakota Sierra Club comments on the draft UIC Dewey-Burdock permitting actions. I have added your email to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA activities related to these proposed actions.

Thank you!

**Subject:** Dewey Burdock Project Permits

This letter represents the South Dakota Sierra Club Chapter's opposition to the granting of permits for the proposed Dewey-Burdock uranium mine in Custer and Fall River Counties in S.D. We do not believe permits should be issued to allow in situ leach uranium mining and allow disposal of mining wastes into local aquifers. With the limited fresh water available in the Black Hills region it is absurd to permanently contaminate water in the mined area from ever being used for drinking water again.
